# INTRODUCING

## PORTABLE Evaporative Air Cooler

This portable evaporative cooler provide high reliability and flexibility to cool the open space of warehouses, workshops, factory and any other open areas. It save installation cost as the unit is mobile type with movable wheels. The smooth cold supply air provide wide angle cooling to cover maximum area.

It is also portable and versatile, enabling the user to use them in household settings patios, gardens, commercial and industrial operations restaurants, small gatherings, and outdoor functions.

Our PORTABLE cooler have become the most popular choice for cooling semi-indoor and outdoor spaces in the KSA due to their superior cooling effects, air circulation, and low energy consumption.

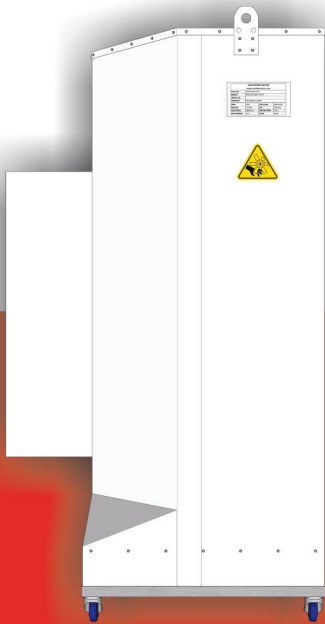

The body structure is made of metal body with powder coated, re enforced panels increase strength of the body. Internal fiber glass layer reduce the chance of corrosions of the metal body panels.

## FEATURES

- ✔ Metal body reinforced powder coated, intently anticorrosive fiberglass layer.
- ✔ Stepless varaible speed fan.
- ✔ Elegant cabinet design with internal fiberglass layer, anti-UV, anti-corrosion, anti-aging, anti-deformation.
- ✔ Powerful motor adopts high quality fully sealed alloy shell design, good heat dissipation, low temperature, high protection.
- ✔ Professional 4-5 blades fan, lower noise greater wind.
- ✔ Water distributor design, water flows evenly and smooth.
- ✔ 150mm thickness high performance evaporative cooling pad, better cooling effect, easy to clean.
- ✔ Automatic water control system, automatic reminder when lack of water.

## PORTABLE DESERT COOLER

Model	WM-PC-28K-5	WM-PC-12K-3
Airflow(CFM)	28,000	12,500
Power(HP)	7.5	4.0
Speed	Variable speed	Variable speed
Electrical Power	380v / 60hz / 3ph	380v / 60hz / 3ph
Fan Type	Axial	Axial
Water Tank(L)	304	266
Noise(dB(A))	≤73	≤73
Water Consumption(L/H)	150-250	120-200
Net Weight(kg)	250 approx.	185 approx.
Coverage(m <sup>2</sup> )	400-600	300-450
Dimension(mm)	2100*1000*2300	1960*950*1800
Air Discharge	Side	Side
